

KCJ Instructors (part-time) - Halifax, St John's, Montreal, Quebec City, Ottawa, Toronto, Hamilton, Edmonton, Calgary, Saskatoon, Vancouver.

Contact: [careers@kidscodejeunesse.org](mailto:careers@kidscodejeunesse.org)

Kids Code Jeunesse is proud to bring digital skills education to kids inside and outside of the classroom. The ideal candidate believes every child should have the opportunity to learn to code and you want to help make it happen. You believe in introducing to children, their educators and parents about the importance of digital skills in education.

Your job will include instructing coding workshops to children and teachers both inside and outside the classroom.

#### RESPONSIBILITIES

- Instruct teacher training workshops throughout your region
- Instruct in-classroom workshops in schools and community centres in your region
- Train new instructors and volunteers

#### SKILLS

- Strong communications skills
- Experience introducing digital skills in education
- Experience working with children
- Enthusiastic, self-motivated, and a quick learner
- Ability to work well in a remote team environment
- University degree/ or in-study at a University (ideally in Education, Software Engineering or Computer Science) or equivalent

#### NICE TO HAVE

- Drivers license
- Bilingual (Eng/ Fre)

\* If selected, you will be required to complete a full background check on <http://www.backcheck.net> at the expense of Kids Code Jeunesse.
