Tips for attending your online session

DOs

- Have fun and be creative!
- Be ready to join five minutes before the start of the session, so you are not in a rush.
- Let an adult at home know at what time you will be joining a session. You can invite them to join you too!
- Join your session using the link sent by the workshop organiser. If you aren’t sure how to join your session, always check with an adult in your home.
- Listen carefully to the instructions of your session organizer. They will tell you how the session will run and what you will be doing.
- If you are giving feedback on someone’s project, be positive and encouraging.
- Speak to a trusted adult if anything during the session has made you feel uncomfortable.

DON Ts

- Don’t worry if you get stuck. Ask questions if you aren’t sure about something.
- Don’t interrupt when others are talking. It is important to be patient and wait your turn during online sessions so that everyone can take part and have fun.
- Don’t share your personal information online (such as your address, phone number, or school). If you are asked to share this information online, make sure you let an adult know immediately.
- Don’t take photographs, screenshots, or recordings of the online session.
- Don’t join the session in your pyjamas! Wear clothes that make you feel comfortable and ready to learn.
